

AGN. NO. _____

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

NOVEMBER 22, 2005

Growth in the technology sector in Los Angeles is fueled by scientific excellence in diverse Industries, including aerospace, transportation, security, biotechnology, life sciences, computer science, entertainment, and medical instruments. This growth is also fueled by research and development at the multiple world-class universities in Los Angeles County.

The technology sector's contribution to the County's economic growth continues to expand. It is imperative that we support and promote high tech expansion and cluster formation, as continuing technology growth will be a key determinant of our regional economic vitality in the 21st century.

I, THEREFORE, MOVE that the Board of Supervisors Proclaim the week of January 23, 2006 through January 27, 2006 Los Angeles County Technology Week.
